- An events committee was suggested, ideally headed by a Parish councillor, to co-ordinate event management to ensure risk assessment & financial transparency.

There is an increased problem with rabbits in the cemetery and advice is being sought from a local pest control company.

7. Report by Councillor Tim Heenan RE: Neighbourhood Plan

The six-week consultation process is now completed, the plan has been brought up to date and comments from RBC planning included. Three things now needed:

- A decision from RBC planning if a Strategic Environmental Assessment is needed. 2 of the 3 consultation bodies for the SEA agree an SEA is not required, the third (Environment Agency) chased and given until the end of the week to respond.
- An update to the Consultation Strategy Document to include the results of the consultation period.
- A Basic Conditions Statement being written by our planning consultant.

For RBC to start its 6 week consultation, so that it completes before the council goes into Purdah, Councillor Tim Heenan asked for approval of the PC to submit the plan as soon as the 2 documents and SEA ruling are available.

AGREED Proposed and Seconded

8. Report regarding the dog fouling problem

RBC have asked if we want to continue being 'able for prosecution' for dog fouling.

Suggestions made that the PCSO could act as a dog warden or a resident could become a volunteer dog warden.
